(Franita Ware/Bill de la Cruz from the DPS Office of Equity & Inclusion)
IAT met to analyze the organizational and equity within C3. This is in response to key issues. How do we create an environment where we are inclusive, provide access, etc. to all of our school members. How do we normalize the conversation around differences within the community? Systemically we need to acquire a consistent lense and messaging as a community around culturally responsiveness.

IMMEDIATE ACTION: IAT will craft a message to all C3 stakeholders around our stance on equity and inclusion.

A Staff meeting will occur on Tuesday, May 6, 2014 on 7:30 with the Office of Equity and Inclusion.

Within the next couple of weeks, a Parent Meeting will be strongly encouraged for all C3 stakeholders.

A long term action plan, will be mapped out to ensure the equitable and inclusive access to a least restrictive education for all students.
